Beethoven: Symphony No. 1

- 1st movement

~ *Reception To Follow* ~

### **Avery Peterson**

Avery Peterson is 8 years old and in the third grade at Harriet Beecher Stowe Elementary School in Brunswick. She has been playing the violin since she was 5, and takes lessons with Clorinda Noyes. Avery has a little sister Anna and they have a lot of fun together. She also likes running, reading, riding her bike, and exploring outside.

### **Notes from Inside PCO**

Take a look at PCO after two years. In September 2016 ten curious and enthusiastic string players met to see what music they could play together. Now, nearly 25 players strong, with a growing contingent of wind players, and still curious and *very* dedicated, PCO players are performing music that would have been unimaginable just a short time ago! Many hours of practice and hard work, at home and together as a group, have made this all possible. We've presented music by familiar masters - Bach, Beethoven, Mozart, Tchaikovsky - and lesser known composers. And talented local musicians, both adults and students, soloists and supporting artists, have come to perform with us, enriching our musical experience. We look forward to next season and beyond, continuing our exciting musical journey, exploring the rich and diverse world of classical and contemporary music.

We're always looking to expand our ensemble, especially the wind section - clarinet, trumpet, and French horn players take note! Thank you for your generosity and enthusiastic support. We look forward to seeing you in the Fall. - *Vinny Fuerst*
